

A construction worker wearing a yellow hard hat, safety glasses, a high-visibility yellow vest, and work gloves is using a DeWalt power drill on a wooden roof structure. The worker is positioned on a sloped wooden beam, and the background shows a cityscape under a cloudy sky.

## DEWALT FOOTWEAR PARTNERS

# DESIGNED FOR AND WORN BY PROFESSIONALS

**THE MARK OF A PRO:** never cut corners. It's not a choice. It's a way to handle your business and it's how we go about building tools. Whether they go in your hand or on your feet, it's all the same to us. We put the best technologies, materials and craftsmanship into everything we do, and we've been doing it this way for over 80 years.

The DEWALT range of footwear is designed for the professional tradesman/craftsman, whether working inside where light weight, flexible, breathable footwear is needed or outside in the mud, water, snow and ice. We have a range of products tailored to your needs.

**EXTREME  
WORK**

Suited to tackle even the most extreme conditions, the DEWALT Extreme work range targets the elements through true performance.

**ACTIVE  
WORK**

Lightweight athletic inspired footwear where breathability, flexibility and heat control are key.

**HYBRID  
WORK**

Mixture of core traditional styling coupled with athletic technologies make this range of product ideal for those working both indoor and outdoors requiring form and function for both environments.

**PRO COMFORT  
WORK**

Pro-comfort unique Aerated PU insole with antibacterial memory foam with added arch support to aid all day comfort on the job site.

**HERITAGE  
WORK**

Traditional styling and construction, Goodyear welted and injection moulded constructions.

**OUTDOOR  
WORK**

Outdoor performance inspired footwear suited to outdoor wet conditions.

**WATERPROOF  
WORK**

Footwear constructed with Membrane breathable waterproof technology build to keep feet dry in all conditions.

# EXTREME KEVLAR VIBRAM BOA

15X more abrasion resistant than standard fabric uppers.

OIL RESISTANT

A black and white photograph of a person wearing DeWalt safety boots, stepping through water on a construction site. The boots are dark with a textured sole and have the DeWalt logo and 'CE SAFETY PRO 125' printed on them. The person is wearing dark pants and a safety harness. The background shows a construction site with wooden framing and debris. The overall scene is dimly lit, emphasizing the boots and the water splashing.

# WATERPROOF

Built with a breathable high wicking membrane that keeps feet dry and comfortable.
